

Please read carefully and fully for complete understanding!

NEW PROCEDURES HERE AT GYM STARS ETC:

BEFORE YOU LEAVE FOR THE GYM:

DO NOT COME IF YOU ARE SICK!!! Please do not bring your child to class if they have a fever, cough, sneezing or display any flu like symptoms. Please do not bring them if they have been exposed to anyone with these symptoms.

WHAT YOUR CHILD WILL NEED TO ATTEND CLASS: REQUIRED!!!

- **Be fully prepared to walk into class:** Your child will need to be fully dressed for class. We strongly request that they wear minimal clothing beyond their clothes for class. Please do not tie up the bathroom for changing of clothes or hair preparation.
- **Personal Water Bottle:** Please bring a clean (washed daily with soap and water), non-spill, insulated (stays cold), refillable water bottle that you filled at home. They need to be able to drink without removing the cap. The water fountains are shut down. No disposable water bottles will be permitted. ***Put their name on it!***
- **Personal Hand Sanitizer:** Please bring a travel size hand sanitizer that they can hook onto their water bottle. We will be asking them to sanitize their hands between each event. ***Put their name on it!***
- **Face Mask:** We want them to wear their mask from your car, when coming in the door and until they are ready to start their first event in class. **They will keep their mask with them during class.** We will also have the students wear the mask once they are finished with class and until they are in your car. **Students will not wear face mask while in the class. It is unsafe for the students to wear mask during our type of activity. Put their name on it!**

ARRIVING AT GYM STARS:

- **Coming in the Door:** Be patient! This is new! We are asking you to keep a proper social distance and to be prepared to stop or wait outside until the family in front of you has moved forward.
- **Temperature Check:** We will be checking the temperature of every person, with touchless thermometers, when they enter the building. Anyone with a temperature over 100.4 (CDC guidelines) will be sent home. Please make sure we can reach you by cell phone during all times your child is in the building.
- **Students Will Go to the Bin Station:** Put shoes, additional clothing, and anything you will not need in class in your bin. Each student/family will have a sanitized, sealable bin. We will hold your bin until after class. Parents are free to hold their child's items with them instead.
- **Parents:** If your child needs any assistance stay with them until they enter the gym. If they are old enough to be responsible for themselves, you may drop them off.
- **Wash Hands:** Everyone will be required to wash their hands upon entry. We now have 3 touchless washing stations to use.
- **Before Class Starts:** We will have an assigned waiting area with proper spacing available in the gym 5 minutes prior to your class. If you are earlier than that, we ask you to wait with your mask on until it is time to enter the gym. We will no longer be using the staging areas and that process. Younger children (ages 6 & under) will need to remain with their parents until their class time.

HOW CLASS WILL RUN: What is the same!

- Gym Stars is one of the best at giving everyone their own space to work, so you might say we have been practicing social distancing for many years.
- We will keep our group size to 8 or less gymnast per event or area.
- We will rotate everyone on the same schedule, so groups do not overlap.

HOW CLASS WILL RUN: What is different!

- Gymnast will not be going to the water fountains.
- We will always be asking the gymnast to maintain distance.
- Coaches will reduce the amount of physical contact.

AFTER CLASS:

- **Our Coaches Will Bring Your Child To The Bin Station:** We will have the students put their mask back on and bring them to the bin station to get their personal items.
- **Exit Out The Front Door:** Do your best to be respectful of the families coming in and try to space yourself while exiting.

WHAT WE CAN PROMISE:

- We will continue to clean all contact surfaces daily to the best of our ability.
- The type of flooring and mats we use does not hold bacteria for extended periods of time.
- We have purchased UV lights (effective in killing bacteria) to sanitize the suede and leather surfaces and we will do this daily.
- We will promote safe distancing with the students.
- We will be organized in how we manage our classes.
- We will have the students use their sanitizer between events.

REALITIES THAT YOU MUST BE AWARE OF:

- We are unable to prevent all possibilities of close contact between students, staff, and other people in the lobby.
- Just as we cannot promise you that your child will never be injured, we are unable to guarantee that you or your child will not contract COVID-19 through contact in our gym. In both cases we are confident in our process!
- We are not requiring you to return to the gym when we open. It is your choice to return when you are comfortable enough to be here.

WHAT YOU NEED TO DO NOW:

- We hope to see you at your scheduled time when we open, if not then please let us know so we do not charge your account.
- If you are requesting a schedule change, please let us know what you want your class time to be. Availability will be determined on a first come basis.
- Make sure that your gymnast has the required items to attend class each day.

MORNING CLASSES (9:00-Noon): NEW OPTION!!!

- Lower volume of people in the building
- Evenings free
- Potentially cooler temperatures in the mornings

We are in the process of creating a morning class schedule and will send this out soon.

IF YOU ARE IN THE LOBBY:

- You must pass the temperature check.
- You must keep your mask on even if you consider yourself socially distanced
- You must wash your hands before going to a seating area.
- Please do not move the tables or seating.

FINANCIAL PLAN:

- If your account is up to date, you are already paid for the remainder of June
- July Tuition will be auto charged on June 24th
- August Tuition and all months after will return to the 20th billing date

COMMUNICATION – OUR REQUEST – PLEASE

Email is the best option in communicating with us. We will continue to be available at the front desk, but you may have to wait if we are busy assisting people coming in.

There is no denying that this has been a scary, sobering time. We have all done what was socially responsible. We are confident that we have taken the necessary precautions to make our building as safe as we can and we believe, safer than most any other business you might walk into, like any retail store!

Our coaches are excited to get back in the gym.

We cannot wait to see our students doing what they love to do.

We appreciate the trust you have placed in us!

Contact us with any questions that you might have.

Tony and Carole
