

Important Notice to all Parents:

Changes in Our Process: Safety is Our Priority!

Parent Observation – We are making the following **changes in our OBSERVATION POLICY** to increase the safety of all students/families that choose to attend our classes.

Only children under the age of 6 are permitted to have a parent in the building.

Please review each category, age group and class level for how the following changes will affect you:

We will meet your child at the door and assist your child, as needed, through the entry process that currently exists.

Your child will need to be able to tell us their name so we can get them to the right class.

1. Twinkling Star, Rising Star, Shooting Star

- a. **ONE** parent or guardian is needed to remain in the building to assist with entrance and bathroom needs
- b. No other observers can attend or view in the building
- c. This includes siblings not attending class that day
- d. Twinkling Star – the adult assisting the student in the Twinkling Star class counts as the one observing adult

2. Mini Ninja

- a. 4 Year Old - **ONE** parent or guardian is needed to remain in the building to assist with entrance and bathroom needs
- b. 5 Year Old – If your child needs your assistance while in the building, you are welcome to stay. If not you can drop them at the door.
- c. 6 Year Old – We will take over at the door.

3. Children Ages 5 to 7 – Parents will need to come to the entry sidewalk to pick up your child after class and walk them

through our crazy parking lot. We will not release them until they see someone they know. Please be on time!

PARKING LOT :

- 1. The handicap spaces are not for drop off or pick up! They are to be left clear for our clients that need this service.**
- 2. The striped area is not for drop off or pick up! This area needs to be open for clear vision of children coming out.**
- 3. If you have concerns about your child getting to the door, then plan the time to park in a regular space and walk your child to the door.**

Face Covering/Mask Wearing - Our process will remain the same with the following change:

- ❖ **Students are permitted to wear a mask the entire class as long as the mask will remain still or in place while being active. We have followed many other clubs around the country that have been wearing their mask 100% of the time for several months. We feel that doing gymnastics while wearing a mask is manageable with a proper fitting mask. There are so many options for mask now verses 6 months ago! Keeping your mask on is the best protection during participation and we encourage you to consider this change.**

Things to Know:

- 1. Please realize that this is temporary and not our preference.**
- 2. We like having our parents in our building so we will get you back in as soon as we feel it is safe.**
- 3. We do feel that this is a necessary safety precaution for us to remain open and to be able to provide this outlet for your children!**
- 4. Our instructors **WILL NOT** be available for parent conversations after class until further notice. If you**

have any concerns or questions, please contact our office. We are glad to return emails or calls.

- 5. Sign up for SPOT TV to view your child in class. To register, down load the free app on any device.**

Every child is unique. If you have concerns specific to your child, please contact us to discuss your individual circumstance. Thank you for choosing Gym Stars ETC and trusting us during these challenging times.
